PROFILE SUMMARY

I am Wilson Prajnowira, a 6th semester Computer Science undergraduate with over a year of hands-on experience in full-stack web development and artificial intelligence. Experienced in building scalable web applications using ASP.NET Core for backend development and React.js with Tailwind CSS for frontend interfaces. Proficient in designing RESTful APIs, managing databases, and implementing responsive user interfaces. Strong foundation in Python, JavaScript, and software development principles, with the ability to translate complex technical requirements into efficient and maintainable solutions while collaborating effectively in team environments.

SKILLS

- | | | |
|--------------|------------|----------------|
| • JavaScript | • React JS | • TensorFlow |
| • Python | • ASP.NET | • Pytorch |
| • C# | • Laravel | • Scikit-learn |

WORKING EXPERIENCE

PT Inspiro, January 2026 – July 2026

Back End Developer Intern

- Developed RESTful APIs using ASP.NET Core 8 to support internal business systems.
- Collaborated with cross-functional teams (frontend, QA, DevOps) throughout development and deployment processes

ORGANIZATION EXPERIENCE

HIMTI, 2024 – 2025

Activist: Web Development Commission 3

- Contributed to brainstorming and proposing ideas for developing the HIMTI website, including feature enhancements, user experience improvements, and overall system functionality.

HISHOT 2025 (HIMTI EVENT)

Front End Developer

- Built a website for the HIMTI HISHOT 2025 event with comprehensive event details, schedules, and Google Form registration, supporting over 150 participant registrations
- Collaborated effectively within a team of 7+ members to design, develop, and deliver the HIMTI HISHOT 2025 website.

EDUCATION

Bina Nusantara University

Computer Science

- GPA 3.51/4.00
Mastering Algorithms and data structures, Logic and basic programming, OOP, Exploratory Data Analysis (EDA), Data Preprocessing & Feature Engineering, Machine Learning Algorithms, Model Evaluation & Optimization.
Certification: Building Conversational AI Applications Nvidia (2025), JavaScript Algorithms & Data Struct (2025)
